My husband and I moved here last year and dreaded the thought of having to find a new dentist. Based on a referral we decided to try Dr. Davis's office. Today was my first appointment, and I was not disappointed. The staff are professional, and at the same time, warm and welcoming. Dr. Davis was kind, thorough and provided explanation for all recommended care. As a retired dental hygienist and educator I am aware of the current regulatory guidelines in place for patient safety. This office is knowledgeable, and their team follows all protocols. I felt completely safe having my dental needs attended to. Perhaps most importantly, this practice has a great feel to it and you can tell that these are professionals who truly care about their patients. I look forward to a long relationship!
